

SCREW E = 4

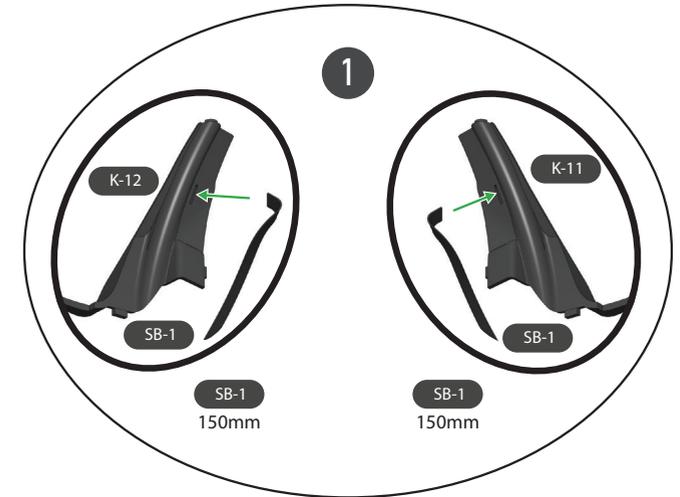

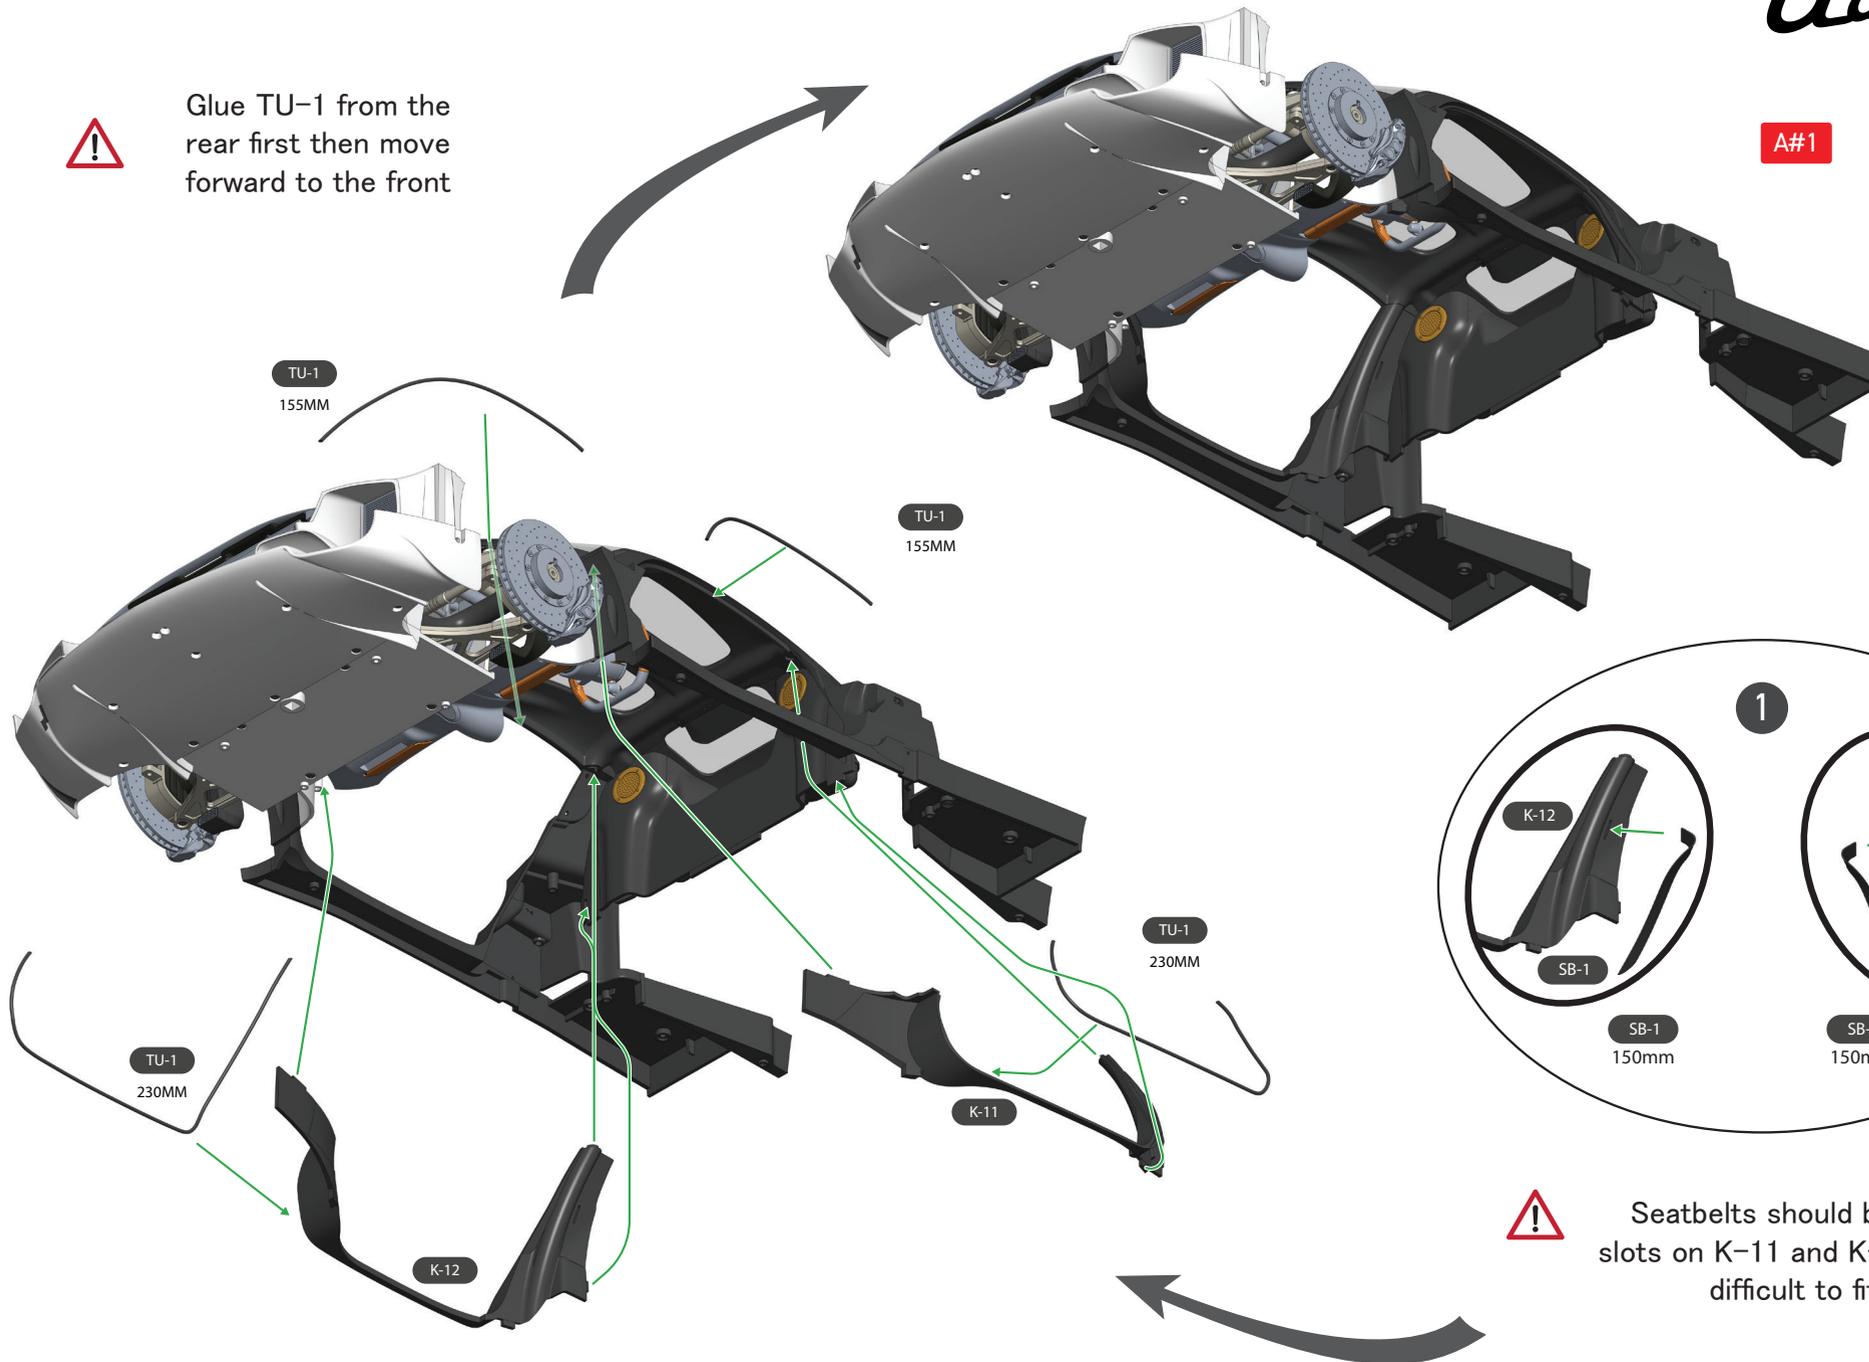

SCREW F = 4

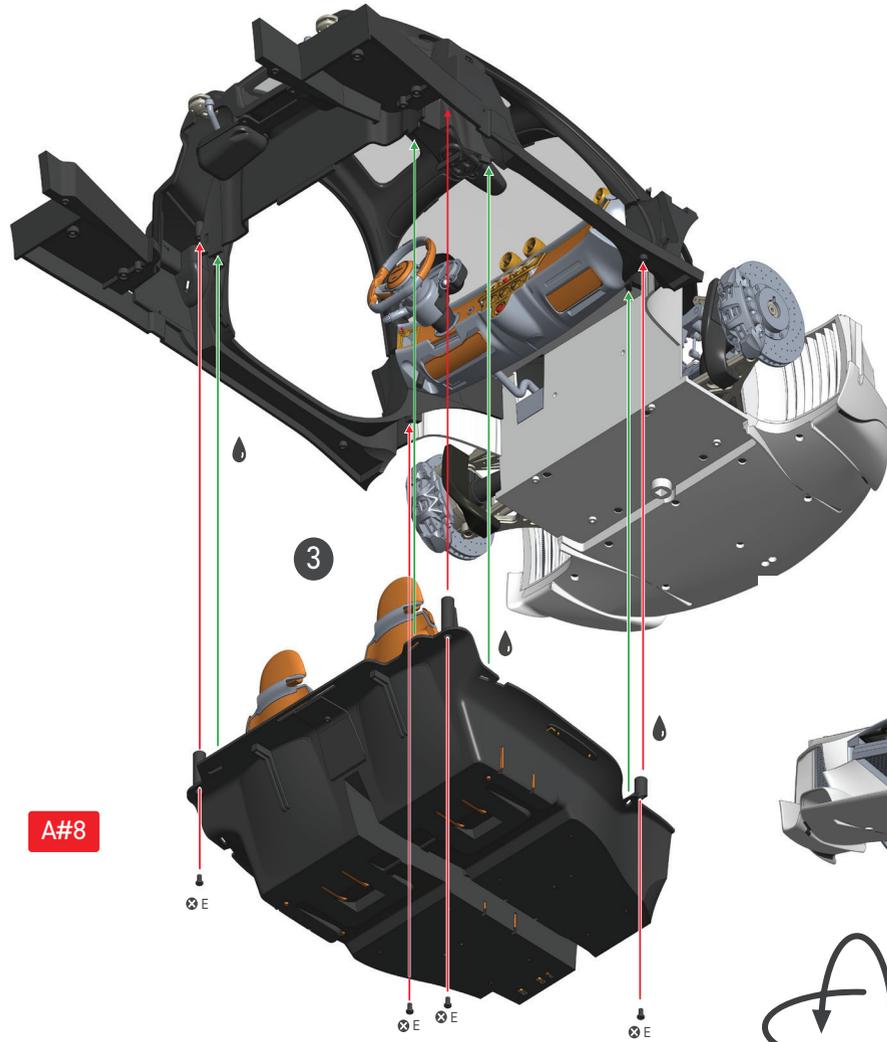

Glue TU-1 from the rear first then move forward to the front

A#1

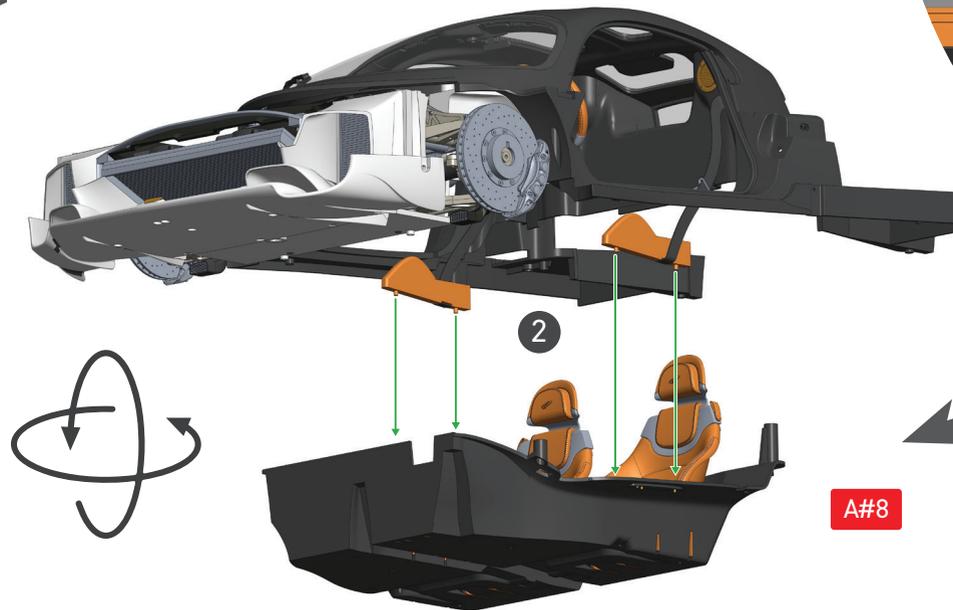

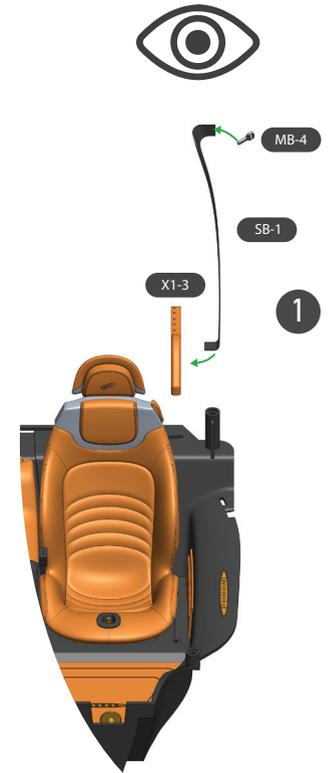

Seatbelts should be glued into slots on K-11 and K-12. These are difficult to fit later.

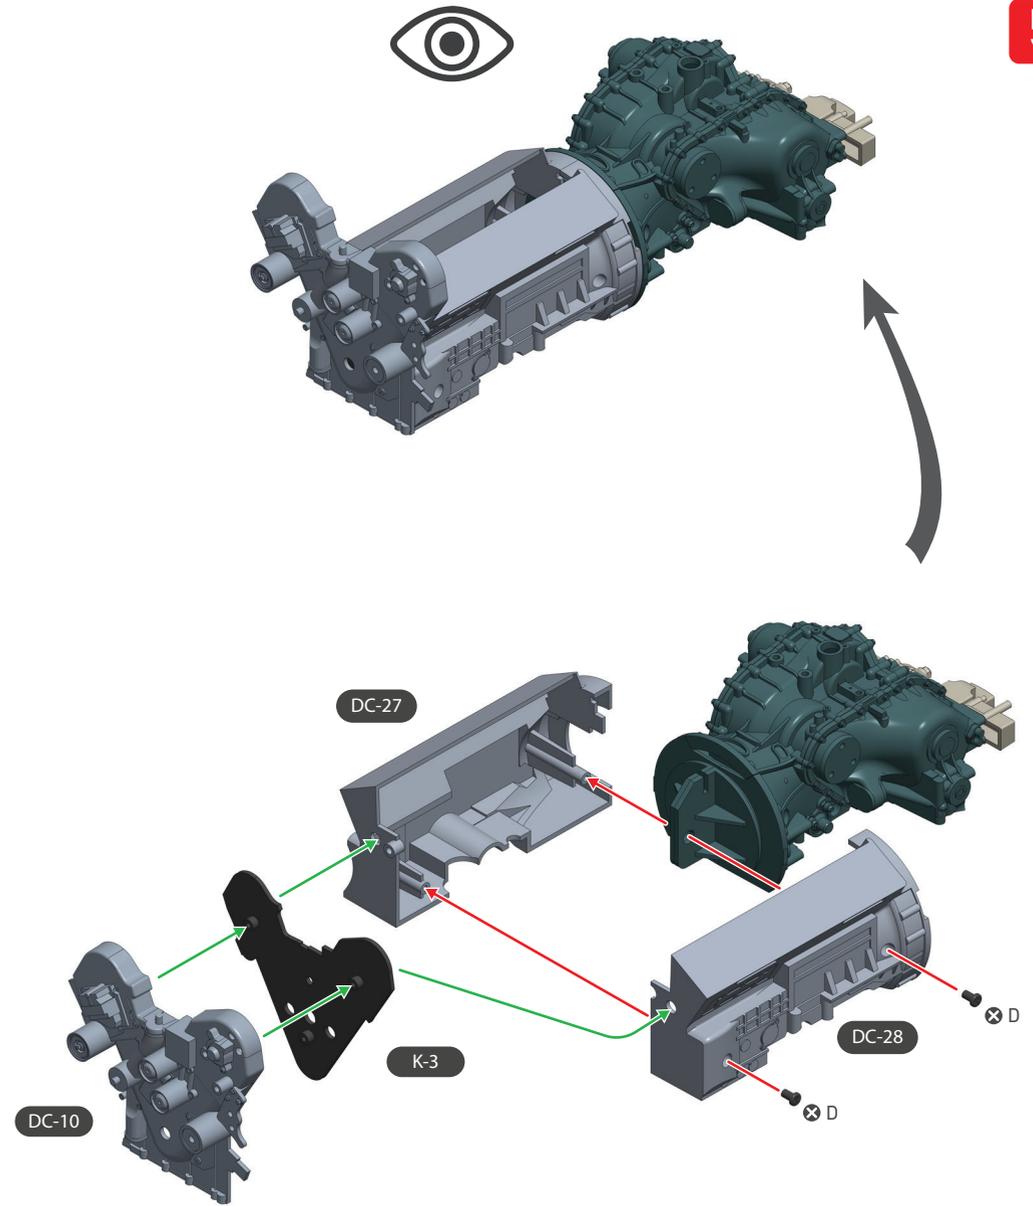

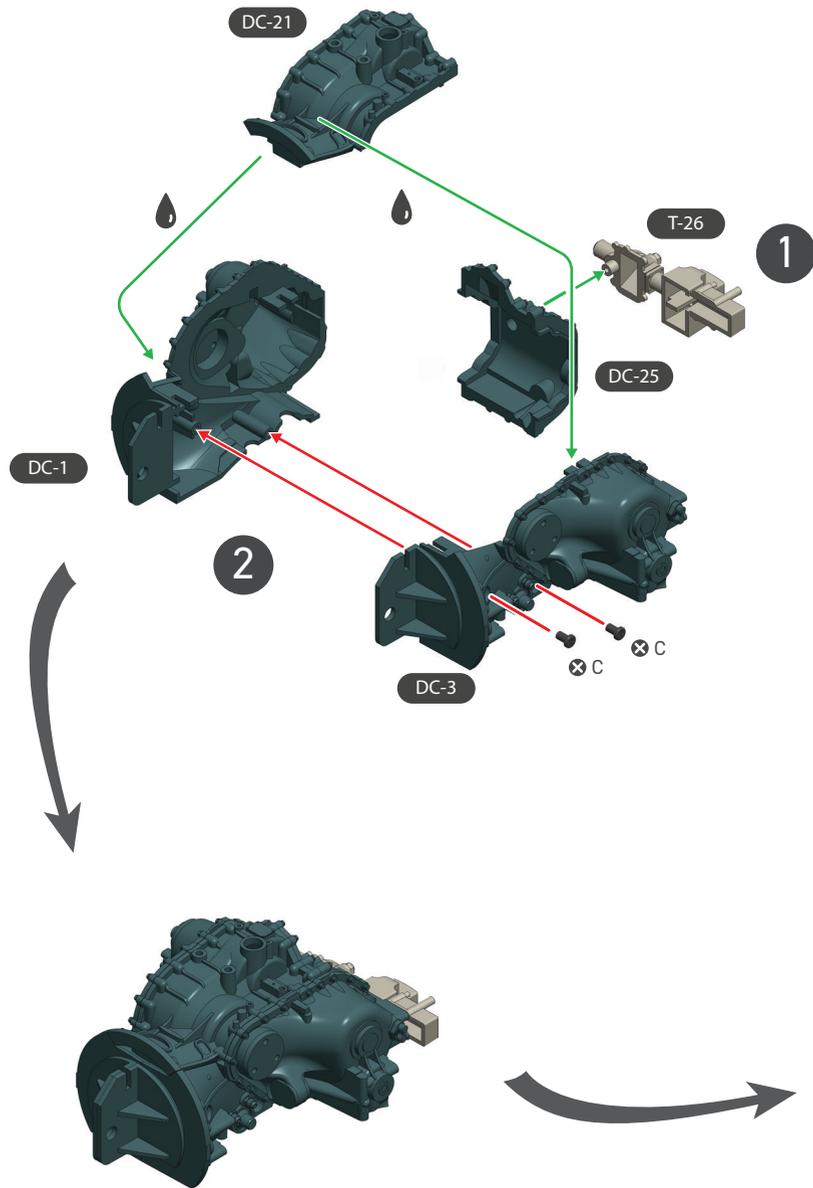

Seatbelt position is mirrored on both sides.

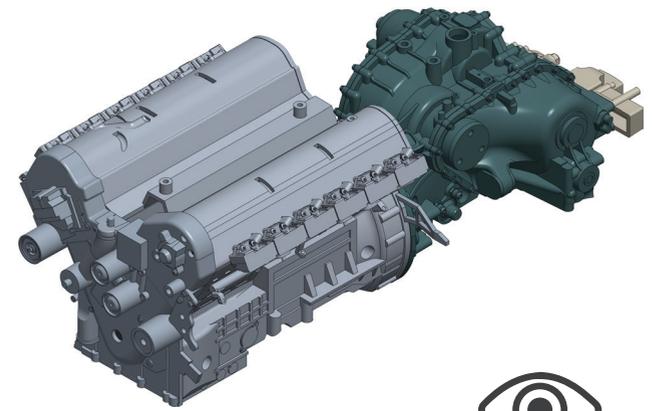

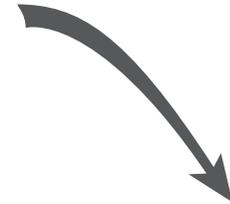

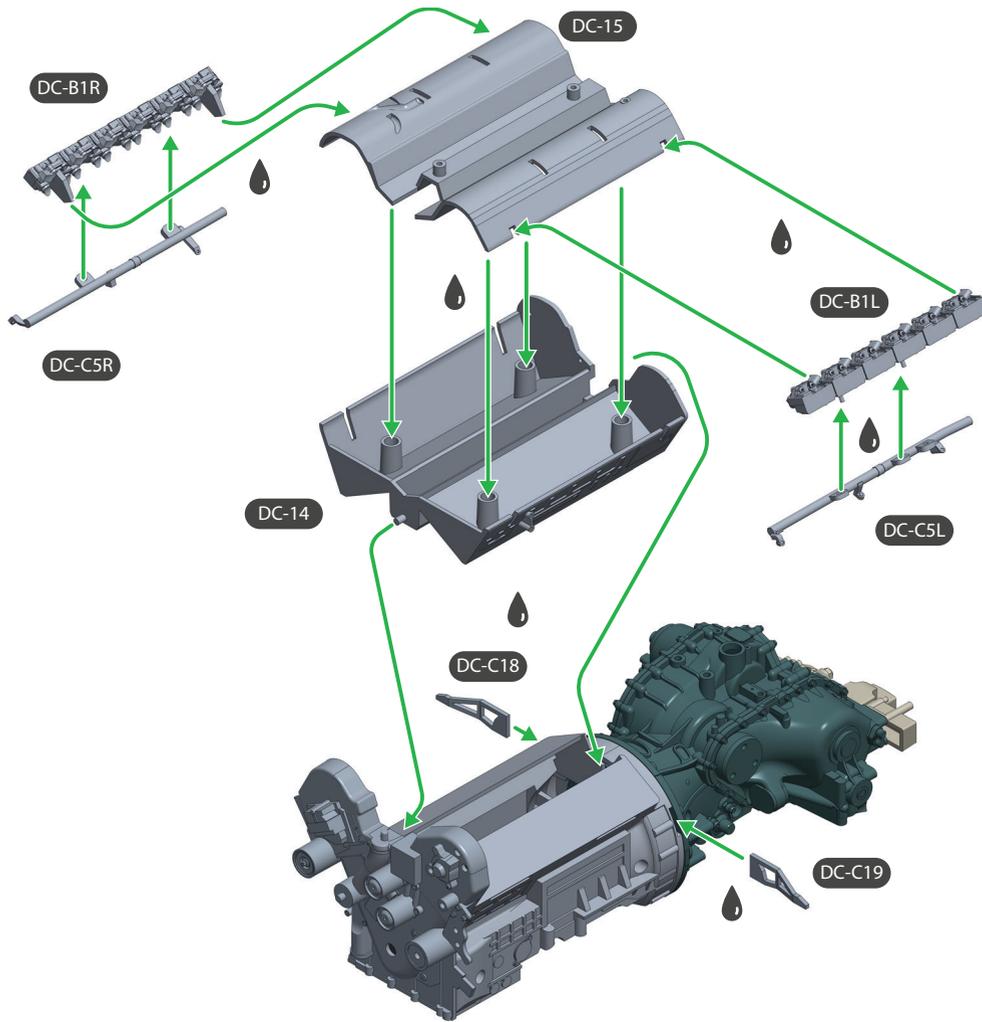

A#1

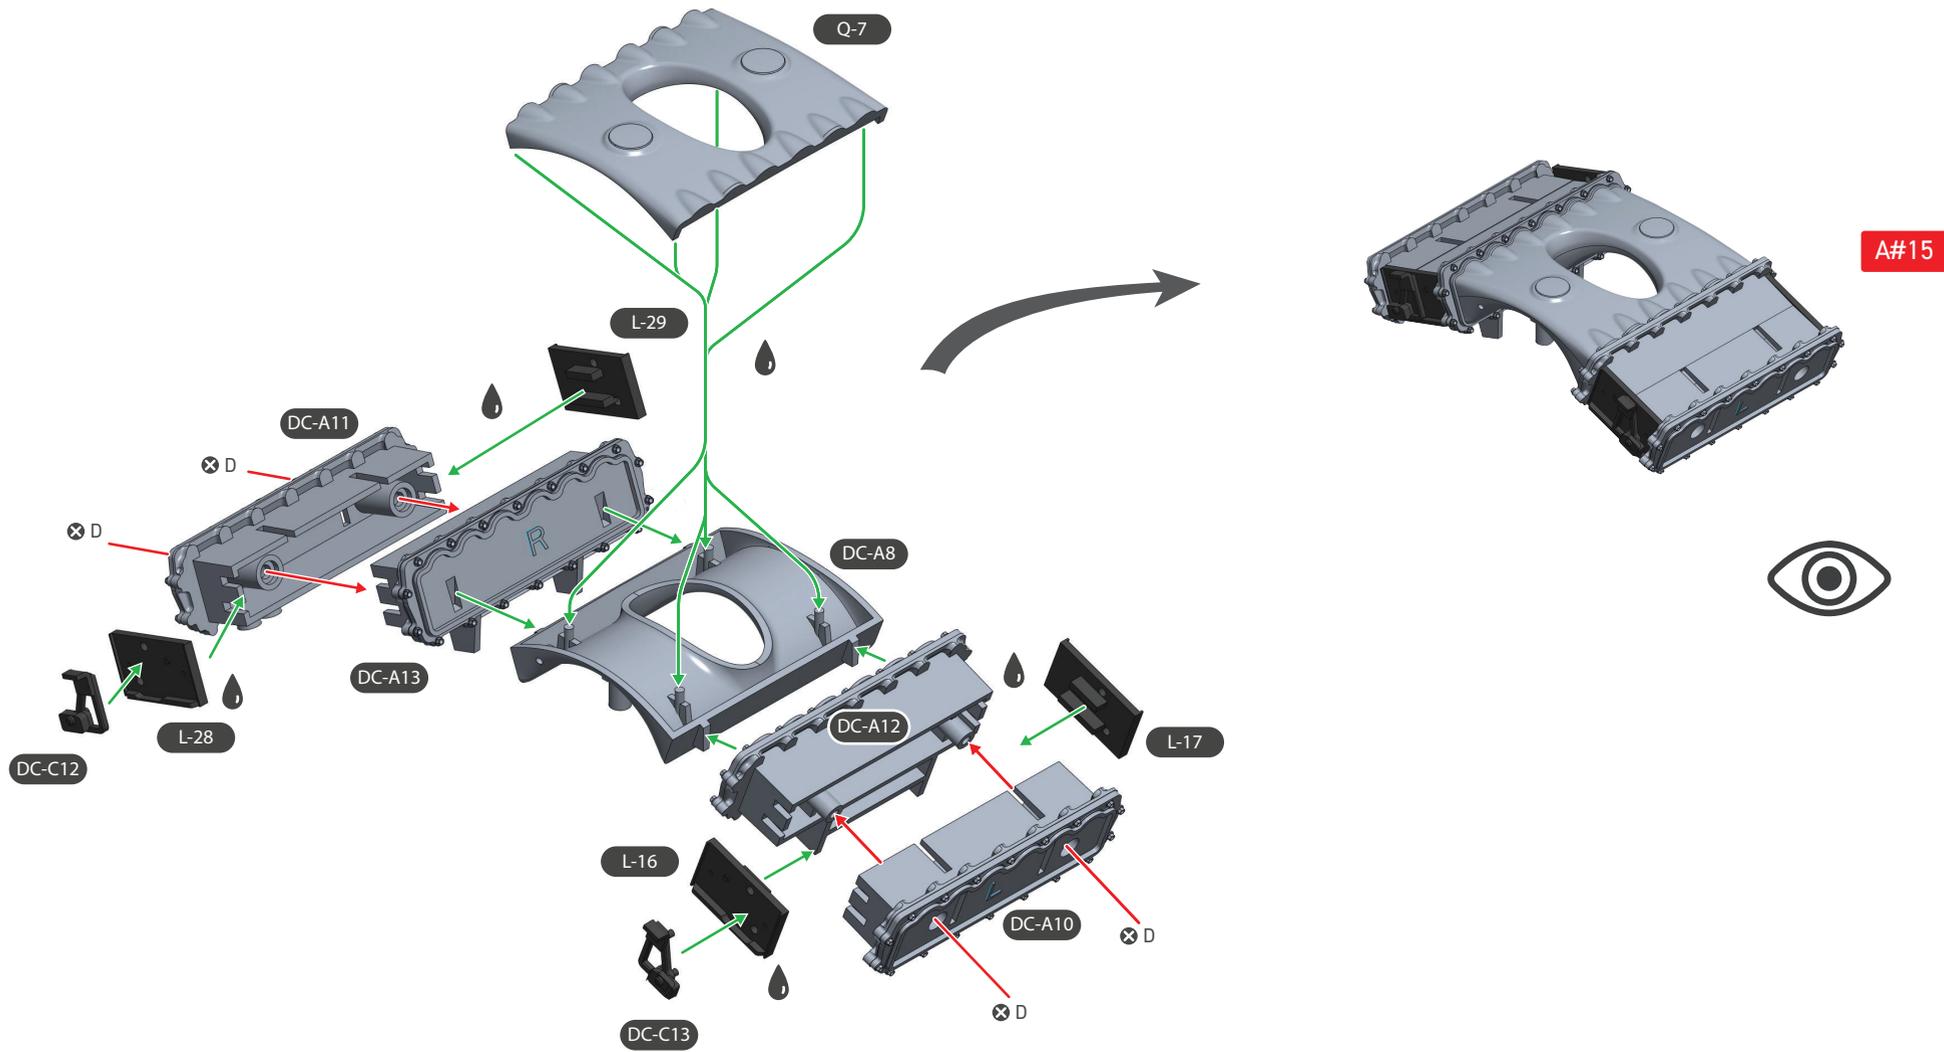

SCREW E = 4

SCREW C = 2
SCREW D = 2

SCREW D =4
